SUMMARY

Third-year Computer Science Engineering undergraduate at **BIT Mesra** with strong interest in **full stack development, backend engineering, and AI-powered applications**. Experienced in building scalable real-time applications across frontend, backend, and database layers. Strong foundation in **DSA, OOPs, REST APIs, software architecture, debugging, and performance optimization**.

TECHNICAL SKILLS

Languages: C, C++, Java, JavaScript, SQL

Frontend: HTML, CSS, React, Next.js, Tailwind CSS, Shadcn UI, Recharts

Backend & Tools: Convex, Clerk, Zod, Gemini AI, Inngest, REST APIs, Git/GitHub

Core Concepts: DSA, OOPs, DBMS, OS, CN, Software Architecture, Debugging, CI/CD

WORK EXPERIENCE

IT Intern, Jakson Limited

June 2026 – Present

- Working with the IT team on software development, automation, and AI-driven solutions.
- Contributing to application development, testing, debugging, and deployment activities.

PROJECTS

WiseSplitr – AI-Powered Expense Splitting App

- Developed a full-stack expense splitting platform supporting real-time group expense tracking and settlements.
- Implemented debt simplification algorithms reducing redundant transactions by up to **50%**.
- Built and integrated **10+ RESTful API endpoints** for authentication, expenses, groups, and settlements.
- Added AI-driven spending insights and automated notification workflows for smarter expense management.
- Applied modular architecture, validation, debugging, and version control practices for scalable development.

Personal Portfolio Website

- Developed a responsive portfolio website showcasing projects and technical skills.
- Built using HTML and CSS with focus on cross-platform development and clean UI design.
- Optimized deployment workflow using GitHub Pages and version control practices.

EDUCATION

Vishwa Bharati Public School, Noida

2008 – 2022

- Elected **Vice Head Boy** (2017–2018), demonstrating leadership, responsibility, and peer coordination
- Ranked among the top 5% of the batch

Birla Institute of Technology, Mesra

2023 – 2027

Bachelor of Engineering in Computer Science Engineering

- Ranked among the top 20% of the batch
- Relevant Coursework:** Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks

POSITION OF RESPONSIBILITY

Technical Lead, IEEE Student Chapter, BIT Mesra

Nov 2024 – Present

- Leading a team of developers to design and implement technical solutions for club projects and events.
- Mentored junior members in web development, open-source practices, and coding competitions.
- Contributed to organizing hackathons and technical workshops, improving peer learning and outreach.

Technical Member, GDSC BIT Mesra

Oct 2023 – Present

- Collaborated on team projects involving full-stack web development and cloud-based solutions.
- Assisted in conducting coding sessions and knowledge-sharing events for peers.

ACHIEVEMENTS

- Cleared NTSE Level 1 (2019)
- Scored **95%** in CBSE Class 10 Board Examinations
- Qualified JEE Main and Advanced 2023; ranked in top 4% (category)
- Runner-up, DRAMZEST '24 inter-college dramatics competition
- Solved 500+ coding problems across competitive programming platforms
- Got a rank of **1769** in LeetCode Biweekly Contest 180 (All Killed)
